Setting Up The Game

Note: Most of the game modes and menu options in *Burnout Dominator* are self-explanatory and are therefore not covered in this manual. Exceptions are listed below.

Your Profile

To save your progression, you must create your Profile. Your Profile also stores your game settings such as your audio preferences.

- To manage Profiles, select DRIVER DETAILS from the main menu, then select PROFILE.

World Tour

Experience the burning insanity of hurtling through urban cityscapes and tearing past wide-open country as you tangle with the traffic. Slam and shunt your rivals off the blacktop in an array of exotic locations from around the world. Each one has its own challenges to master across seven unlockable vehicle Series.

Note: Read the scrolling text above a locked event to find out how to unlock it. Events that you've unlocked but have yet to take on are marked as 'New'. When you compete in the event, this is replaced to display the kind of medal you won or disappears completely if you failed to grab a medal placing. Not all events in each Series are available at once – medal success in one unlocks another.

Before switching on the ignition and beginning your quest for domination, ensure you're fully up to speed by checking out the tutorial.

- Select DRIVER DETAILS > EXTRAS > BASIC TRAINING MOVIE.

Dominator Points

It's all about earning these beauties. After each single player event, your performance is weighed up. Unlock Signature Shortcuts, inflict Takedowns, earn Near Misses, achieve Burnouts, complete Rival Challenges, unlock Trophy rewards win Gold medals and unlock individual cars to earn Dominator Points. Earn enough Points to unlock the next Series of vehicles.

Fuel the Boost

Execute Takedowns, accomplish huge drifts, perform precision Near Misses and get Explosive Payback with your Crashbreakers to fuel your boost bar. Max out your bar to achieve Supercharge Boost, then keep burning that blue flame in one hit to achieve a Burnout.

Burnout Chaining

Keep up the extreme driving *while supercharge boosting* to refuel your boost bar and earn while you burn: link your Burnouts together in Burnout chains. These result in score multipliers or – when racing against rivals – faster lap times.

Dominator Tip: Remember – you can't earn while you burn unless you're using Supercharge Boost.

Takedowns

Slamming a rival off the road is the ultimate form of domination. It not only gets you ahead, it injects a shot of instant boost.

Dominator Tip: Inflicting a Takedown refuels your boost bar, but crashing depletes it. If you're boost chaining as you take a rival down, your Takedown delivers enough boost for a full refuel.

Revenge Takedowns

If a rival slams you off the track with a Takedown, they're marked in red for revenge.

Impact Time and Aftertouch

Once you've crashed, enter Impact Time. This slows down time and helps you guide your wreck (Aftertouch) into the path of your rivals to hit them with an Aftertouch Takedown.

Crashbreakers

In some single player events, you're able to detonate your vehicle and ignite your boost with a devastating Crashbreaker – the bigger your boost bar, the bigger the bang. Score bitter payback on whoever took you down or catch another rival within range of your fireball.

The Art of Aftertouch and Crashbreaker:

1. Immediately after you crash, hold the **R** button to enter slo-mo Impact Time.
2. Use the analog stick to guide your wreck into an optimal position to wreak an Aftertouch Takedown on any following rivals.
3. Press the **△** button to detonate your ride with a Crashbreaker and maximise your chances of catching rivals in the Crashbreaker Takedown fireball.
4. After the explosion, use Aftertouch again in a last-ditch effort to catch another rival in your wreck.

NEW Signature Shortcuts

Shave seconds off your lap time and earn Dominator Points by unlocking a Signature Shortcut at each location. To open up a shortcut, slam a rival into it for a Signature Shortcut takedown.

- **Dominator Tip:** Once you've opened a shortcut, it stays that way – so unlock them all to set the fastest Burning Lap times possible.
- Select DRIVER DETAILS > REWARDS > SIGNATURE SHORTCUTS to view a snapshot of the shortcuts available at each location.

Event Types

NEW MANIAC

Just do what it says on the tin. Draw on all of your driving ability to maximise your Maniac Score. Keep Driving like a maniac and chaining your Burnouts to earn massive score multipliers.

NEW BURNOUT/ DRIFT/NEAR MISS CHALLENGE

Display your mastery of the specified skill challenge to rack up your score. Chain your Burnouts to ramp it up to the max.

Dominator Tip: Near missing oncoming traffic gains you a bigger score than near missing same-way traffic.

RACE

Dodge and weave through oncoming traffic as you Takedown your rivals in a bid to seize pole position by the time you finish the last lap.

BURNING LAP

Do whatever it takes to get across the finish line. Fast.

ROAD RAGE

Achieve your Takedown targets to grab a medal placing within the allotted time. Achieve enough Takedowns to extend your time – but watch out for critical damage to your ride that could end the fun early.

ELIMINATOR

Get ahead of the pack, because the car bringing up the rear when the timer runs down is toast.

GRAND PRIX

A multi-race scramble for the finish line. End a race and rack up the points. Earn enough for a final medal placing at the end of the Grand Prix.

NEW RIVAL CHALLENGE

Complete a goal in certain locations – such as inflicting a Takedown on a target car – to add a new car from the current Series to your Garage and unlock a Rival Challenge. There are four Rival Challenges in each Series. Complete all of them to access the Series' Dominator Challenge.

NEW DOMINATOR CHALLENGE

Complete all four Rival Challenges in a Series to unlock the Dominator Challenge. Grab a Gold medal in the Dominator Challenge and you're finally thrown the keys to the Series' Dominator car.

Dominator Tip: The winner of a Grand Prix or Series Race event gets six points, second place gets four. Don't settle for second place!

Your Garage and Car Unlocks

Each vehicle that you unlock is kept in your Garage. To unlock the cars in a Series, complete its Rival Challenges (see *Rival Challenge* on p. 10.)

- Select DRIVER DETAILS > GARAGE to view the cars you've unlocked.

Dominator Tip: If you're having trouble getting Gold in an event, return to it when you've unlocked a new vehicle in the Series.

Note: Once you unlock a vehicle Series, you also unlock its movie. Access it via DRIVER DETAILS > REWARDS > EXTRAS.

Trophies

Set your sights on winning five trophies as a reward for your skill – from Rookie to Elite. Fulfil a group of seven tasks to claim a trophy. Each group's tasks get harder to achieve, but each task you complete adds to your Dominator Point total.

- Select DRIVER DETAILS > REWARDS > TROPHIES and check on the status of your tasks.

Dominator Tip: Even though you may not finish in the medals during an event, you can still accomplish a trophy task.
